Announcing the newest way
to take them on tour.

THE SONY POCKET DISCMAN — NOW TAKE THE MUSIC YOU WANT WHEREVER YOU WANT.

Sony has created what could be the world's smallest concert tour.

The amazing new Sony Pocket Discman™ Compact Disc player. Designed to let you hear the exciting new 3-inch CDs on the street, at school or even in your car.

Just slightly larger than the CD-3 itself, the Pocket Discman player comes complete with its own headphones, rechargeable battery, A/C adaptor and a carrying case that holds up to six 3-inch discs.

Yet it still has all the talents of a full-size CD player with features like Repeat, Shuffle Play and Music Search. It's even remote control capable.*

Best of all, the Pocket Discman shown plays not only CD-3s, but the thousands of 5-inch CD titles available today.

The new Sony Pocket Discman. Now you can get great digital sound without having to carry around all that "heavy metal."
