Your progress 

## Welcome to the Diploma of Nursing student home page

This course contains enrichment, administrative and reference information and you should refer to this page when seeking answers to your questions. This page will provide updated information on all aspects of your study so visit it regularly.

To study successfully will require self-discipline, good time management, the ability to challenge yourself and a willingness to learn new skills and our lecturing staff are here to help and support you in that goal.

If you have any queries, questions or concerns about the information please contact your Enrolled Nursing TAFE SA Regional staff.

[Click on each of the icons below to view relevant information in each topic.](#)

Enjoy your studies!

News stories will appear here from time to time for your information.

**TERM 1 FEEDBACK**

Hello EN students - We have reached the end of term 1 already, wow time has flown! We would love your feedback on how your studies have gone this term so if you would take a few minutes to complete the survey for us we would really appreciate it.

[Click on the link - Term 1 Feedback -](#) and complete the questions, we will leave it open until the 23 May, and I will send weekly reminders. We appreciate you taking the time to complete the survey, your feedback is important to us.

**FIRST AID COURSES for 2014**

Did you know that First Aid courses are available via TAFE SA? If you need to complete your training, click on the link - [First Aid Courses](#) - and look for a course at your nearest campus.
